Dear Sir or Madam:

After a long day at work, I look forward to climbing in my truck for my hour drive home. There are days when I want only music, days when i only want to listen to XM comedy, but when the traffic lines up, I look forward to knowing that XM has information on something as trivial to you as the weather and traffic.

Satellite radio provides variety and quality that are hard to beat elsewhere. Where my FM/AM radio fades out, I still get the music, talk, and information I want. In exchange for this service, I pay \$10.64 a month. This includes a new tax the government collects from me as a customer of Satellite Services. Because I pay for this service, it should not be up to the National Association of Broadcasters to dictate what you hear. I respectfully urge you to reject the NAB's petition 04-160.

Sincerely,

A concerned XM customer
